

Date: _____

President Joseph R. Biden Jr.
The White House
1600 Pennsylvania Ave. NW
Washington, DC 20500

Dear President Biden:

_____ strongly supports the designation of the Castner Range National Monument.

The Castner Range area is a crown jewel for west Texas, and a monument designation would offer protection from future development, protecting the cultural, historical, scientific and environmental connections to the region. Further, it would provide numerous boosts for the community, including benefits to public health, education, natural resource management, the local economy and the preservation of breathtaking views from El Paso's Northeast to the U.S.-Mexico border and beyond.

_____ feels that your preservation of these cherished resources will be a boon for our local economy. Each year, outdoor recreation drives more than \$887 billion in consumer spending into our nation's economy and creates over 7.6 million jobs. Right here in Texas, outdoor recreation generates nearly \$36 billion a year for the state's economy and supports nearly 327,000 jobs. Permanent protection of this region will improve economic opportunities for our local economy; bring much local and national pride to an area that has endured hardship in recent years; increase coordination between federal agencies; provide well-managed recreation opportunities; safeguard the area's natural beauty, sensitive areas, wildlife and rare plants; and ensure the continued use and enjoyment of these lands for future generations.

We strongly urge you to permanently protect Castner Range by designating it a National Monument, and leave a legacy that protects the past – and the future – of this national treasure for all time.

Sincerely,
